

The ORCHID CHAT

Treasure Valley Orchid Society

October 2024

Recap for September: We had a really nice day at Janet's greenhouse. It's always wonderful getting to stroll through her greenhouse. Her many years of experience show a beautiful variety of orchid types with many different ways of how to pot and mount them.

Eleven club members attended the event, with one via zoom. We also had four visitors.

We had three different classes: Pam talked about her experience with growing Tillandsias. They come in lots of different shapes and sizes and they make interesting displays when mounted.

Nick brought a collection of his carnivorous plants. He talked about their general care and how to store the hardier ones outside for the winter. Janet gave some tips about repotting and growing cattleyas.

Of course, we had great potluck while enjoying the wonderful fall weather.

At our Wednesday evening meeting, at King of Glory church in **October**, we'll be viewing the video of "Plants Behaving Badly" and Nick Roberts will share his extensive knowledge about carnivorous plants.

See the "Home" page for further details.

At our Wednesday evening meeting, at King of Glory church in **November**, we'll be having a Zoom presentation by author and AOS judge, Patricia Harding, on Echo Tourism.

At our Wednesday evening meeting, at King of Glory church in **December**, we'll be having our annual meeting and our holiday party and potluck.

We have the dates for the 2025 Orchid show. It will be **March 15th and 16th**. There will be more specific details about all of these events as the dates become closer. A reminder email will be sent out as well.
